SECTION B - SUPPLIES OR**

**DRAFT**

**B-1. CLAUSES AND PROVISIONS**

a. Clauses and provisions from the Federal Acquisition Regulation (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), Air force Federal Acquisition Regulation Supplement (AFFARS), and the Air Force Space Command Federal Acquisition Regulation Supplement (AFSPCFARS) are incorporated by reference with the same force and effect as though set forth in full text. The date of each clause shall be the current date set forth in the FAR, DFARS, AFFARS, or AFSPCFARS on the issuance date of this order or contract. The complete text of any clause incorporated by reference may be obtained from the on-line sites shown in Part II, Section I, FAR 52.252-2. The complete text of any provision incorporated by reference may be obtained from the on-line sites shown in Part IV, Section L, FAR 52.252-1.

b. Clauses and provisions in this document will be numbered in sequence, but will not necessarily appear in consecutive order.

c. Sections K, L, and M will be physically removed from any resultant award, but will be deemed to be incorporated, by reference, in that award.

**B-2 ACRONYMS**

Acronyms used are as follows:

APP	Appendix
APPROX	Approximately
CLIN	Contract Line Item Number
EST	Estimated
IAW	In Accordance With
MO	Month
NSP	Not Separately Priced
QTY	Quantity
SPO	Separately Priced Optional Line Item
TBD	To Be Determined
TECH	Technical

**NOTES:**

1. All Fixed Priced CLINS shall include all direct costs, indirect costs, and profit.

2. Separately Priced Optional Line Item (SPO). The term "optional" **does not mean** the offeror has an option whether or not to bid the CLIN. For the offerors' proposals to be considered responsive, **ALL CLINS** must be bid even if the dollar amount is zero (\$0.00). In this case, "optional" means the Government has the option of whether or not to exercise the CLIN, based on availability of funds at the time of contract award or during the term of the entire contract. Currently, funds are not available for the SPO CLINS. **The Government reserves the sole authority to award or not award separately priced option items.** If funds are available at the time of contract award, the SPOs will be exercised. If funds do not become available until after contract award, the SPOs will be exercised if and when funds are available and will be exercised at the prorated amount in the applicable year of the contract.

3. The contractor shall provide, on an as-required basis, all necessary personnel, materials, equipment, transportation, and administrative supplies in support of all Overtime and Travel CLINs. These are estimated amounts based on historical data. The contract award will reflect the total estimated expenditure expected for each contract period. **Offerors are expected to propose the Government estimated amount. These are Cost Reimbursement CLINs; therefore, reimbursement is limited to actual expenses incurred, including indirect expenses. Profit/fee will not be allowed. The contractor is required to notify the Contracting Officer as expenditures approach 80% of the total estimated cost shown in the Schedule. See FAR Clause 52.216-11.**

4. The offerors are to propose the rates for personnel in the Overtime CLINs.

## PART I - THE SCHEDULE

### SECTION C- DESCRIPTION/SPECS/WORK STATEMENT

#### C-1. DOCUMENTS

The following documents, which constitute the work description, specifications, and Statement of Work (SOW) to define the task requirements for performance under this contract, are hereby incorporated into this contract either by reference or full text:

a. The SOW for Helicopter Maintenance at Malmstrom AFB MT; Minot AFB ND; Vandenberg AFB CA; F. E. Warren AFB WY; and Yokota AFB Japan dated 26 October 2001, and Contract Data Requirement List (CDRL) dated [REDACTED].

b. All other exhibits and attachments are identified in Part Three, Section J of this solicitation and resultant contract.

#### C-2. CONTRACTOR'S TECHNICAL PROPOSALS

a. When a technical proposal rates higher than "acceptable" based on technical aspects that promise a level of performance or service that is both higher than the Government reasonably expected and beneficial to mission accomplishment, specific, limited elements of the technical proposal **may** be incorporated into the contract, at the government's sole discretion.

**PART I - THE SCHEDULE**

**SECTION D – PACKAGING AND MARKING**

D-1. Packaging and marking of technical data to be delivered pursuant to this contract shall be in accordance with Contractor's standard commercial practices.

**E-4. DATA APPROVAL**

Unless specific time limits are identified in the relevant CDRL item, data item description or statement of work of this contract, the following general rule(s) shall apply to Government handling of data submissions.

- a. The Government shall furnish required approvals or, in lieu thereof, comments to the Contractor within 60 days after timely receipt by the designated office.
- b. Subject to DoD FAR Supplement 252.246-7001, Warranty of Data, Government comments on the initial data submission shall be complete and shall not be expanded subsequently. Recurring or new defects in subsequent submissions shall be the subject of fair comment.
- c. Where specified in the CDRL item, "approval" by Government silence, after a stated period of time from receipt of the data item, is authorized. Automatic approval may be withheld, however, by notice to the Contractor that, for reasonable cause, additional time for review is required. Action thereafter shall proceed in due course.

**E-5. INSPECTION AND ACCEPTANCE METHODS**

Inspection and acceptance of all services shall be in accordance with the Inspection of Services clause and methods of surveillance contained in the Government's surveillance plan. The Air Force reserves the right to change the surveillance plan and/or change or modify the surveillance method. The Contractor shall be given 10 days written notice by the Contracting Officer of any such change before it becomes effective. A change in the Government's method of surveillance is not to be construed as a change under the Changes Clause of the contract and is not subject to a change in the contract price.

**E-6. POINT OF INSPECTION**

**PART I - THE SCHEDULE****SECTION E – INSPECTION AND ACCEPTANCE**

- a. The Government reserves the right to perform quality assurance inspections at the Contractor's place of performance identified in this contract. The Government will inspect the Contractor's submissions (deliverables) and products as specified in this contract. To accomplish these inspections, the Contracting Officer will appoint a Functional Commander who is knowledgeable of the functional area receiving the contract services.
- b. Inspection of the services performed under this contract shall be accomplished by the QAEs at Malmstrom AFB MT; Minot AFB ND; Vandenberg AFB CA; F E Warren AFB WY; and Yokota AB Japan. Acceptance shall be accomplished by the Functional Commanders.

**E-7. QUALITY ASSURANCE EVALUATION (QAE)**

Appointed Quality Assurance Evaluators (QAEs) from the functional area receiving the contract services will participate in the administration of this contract specifically to evaluate contractor performance, inspect the services for the Government, and provide a report of inspection to the Contracting Officer. This designation does not include authority to direct and/or authorize the Contractor to make changes in the scope or terms of the contract without the written authority of the CO. The Contractor will be notified in writing by the Contracting Officer of names, duties, and limitations of the QAEs.

**H-3. INVITED CONTRACTOR OR TECHNICAL REPRESENTATIVE STATUS - JAPAN  
(Applicable to US Firms only)**

(a) Contractor employees may be classified as members of the "civilian component" under Article I(b) of the Status of Forces Agreement (SOFA) between Japan and the United States. This classification may be available, upon application, to all of the Contractor's employees who are United States citizens, who do not ordinarily reside in Japan, and whose presence in Japan is necessary for the execution of this contract. This classification may entitle the employee to enter Japan, pursuant to invitational orders, under Article IX of the SOFA. A contractor employee classified as a member of the "civilian component" under this Section shall be subject to all U.S. Forces regulations and directives which pertain to the "civilian component" in Japan. The following privileges may be extended in accordance with current U.S. Department of Defense Directives, Military Base Inter-service Support Agreements, and the SOFA.

- (1) Entry into and exit from Japan as "exempt personnel"
- (2) Duty free import-export into and from Japan
- (3) U.S. customs exemptions under PL 89-436
- (4) U.S. customs exemptions under the Tariff Act of 1930.

**PART I - THE SCHEDULE**

**SECTION H - SPECIAL CONTRACT REQUIREMENTS**

(5) Base or Post Exchange (BX/PX), exchange service station, theater, and commissary, subject to merchandise Control Directives to be administered through the Office of Information.

(6) Laundry and dry cleaning

(7) Military banking facilities

(8) Transient billeting facilities on a space-available basis, not to exceed three days and three nights

(9) Open mess (club) membership, as determined by each respective club

(10) Casualty assistance (mortuary services) on a reimbursable basis, as specified in AFR 143-1 and/or similar Army and Navy regulations.

(11) Routine medical care to be provided on a reimbursable basis, in accordance with AFR 168-6 and/or similar Army and Navy regulations.

(12) Dental care is limited to relief of emergencies on a reimbursable basis

(13) Employment, emergency leave, and home leave-type travel and transportation for principal U.S. civilian employees and their families will be provided on a reimbursable basis, insofar as such travel and transportation entitlements do not exceed those authorized members of the U.S. civilian component. The Contractor shall not be allowed space available travel privileges aboard AMC contract or military aircraft as provided military personnel unless such person travels in a retired military status.

(14) DODDS Elementary and Secondary Education Facilities on a space available, tuition-paying basis.

(19) Registration of privately owned vehicle (POV)

(20) Purchase of petroleum and oil products

(b) Whenever the word "reimbursable" is used in the aforementioned logistic support/privileges, it means that the Contractor shall pay the U.S. Government for the Services rendered and/or supplies utilized.

(c) The above privileges may be granted to U.S. citizen personnel as long as they are employed under this contract. However, any violation of these privileges will be cause for immediate withdrawal of such privileges for the principal and/or his dependents and could result in total loss of such privileges to all Contractor Employees and Family Members under this contract.

(d) It is agreed that withdrawal of any or all of these privileges for reasons cited in paragraph H-3(c) above, will not affect nor constitute grounds for delay in or nonperformance of any portion of this contract between the Contractor and the U.S. Government, based on the contract or otherwise, nor will such action be considered a breach of contract or any portion thereof.

**H-4. IDENTIFICATION OF GOVERNMENT-FURNISHED PROPERTY**

Pursuant to the "Government Property" clause herein, the Government will furnish the item(s) of property listed in the Statement of Work, Part III, Chapter 1, as Government-Furnished Property to the Contractor for use in performance of this contract.

I-34.	52.222-47	<b>SERVICE CONTRACT ACT (SCA) MINIMUM WAGES AND FRINGE BENEFITS</b> (IAW FAR 22.1006 (d))	MAY 1989

An SCA wage determination applicable to this work has been requested from the U.S. Department of Labor. If an SCA wage determination is not incorporated herein, the bidders/offers shall consider the economic terms of the collective bargaining agreement (CBA) between the incumbent Contractor and the union. If the economic terms of the collective bargaining agreement or the collective bargaining agreement itself is not attached to the solicitation, copies can be obtained from the Contracting Officer. Pursuant to Department of Labor Regulation, 29 CFR 4.1b and paragraph (g) of the clause at 52.222-41, Service Contract Act of 1965, as amended, the economic terms of that agreement will apply to the contract resulting from this solicitation, notwithstanding the absence of a wage determination reflecting such terms, unless it is determined that the agreement was not the result of arm's length negotiations or that after a hearing pursuant to section 4(c) of the Act, the economic terms of the agreement are substantially at variance with the wages prevailing in the area.

(a) Definitions.

As used in this clause--

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(1) "Components" means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.

(2) "Department of Defense" (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

(3) "Foreign flag vessel" means any vessel that is not a U.S.-flag vessel.

(4) "Ocean transportation" means any transportation aboard a ship, vessel, boat, barge, or ferry through international Waters.

(5) "Subcontractor" means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract. However, effective May 1, 1996, the term does not include a supplier, materialman, distributor, or vendor of commercial items or commercial components.

(6) "Supplies" means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) "Supplies" includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.

(7) "U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b) The Contractor shall employ U.S.-flag vessels in the transportation by sea of any supplies to be furnished in the performance of this contract. The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that-

(1) U.S.-flag vessels are not available for timely shipment;

(2) The freight charges are inordinately excessive or unreasonable; or

(3) Freight charges are higher than charges to private persons for transportation of like goods.

(c) The Contractor must submit any request for use of other than U.S.-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum--

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(3) Special handling and discharge requirements;

(4) Loading and discharge points;

(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

(d) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Division of National Cargo, Office of Market Development, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information--

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;

(5) Port of loading;

(6) Port of final discharge;

(7) Description of commodity;

(8) Gross weight in pounds and cubic feet if available;

(9) Total ocean freight in U.S. dollars; and

(10) Name of the steamship company.

(e) The Contractor agrees to provide with its final invoice under this contract a representation that to the best of its knowledge and belief--

(1) No ocean transportation was used in the performance of this contract;

(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;

(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all non-U.S.-flag ocean transportation; or

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(4) Ocean transportation was used and some or all of the shipments were made on non-U.S.-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

	Item Description	Contract Line Items	Quantity
Total			

(f) If the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of non-U.S.-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(g) The Contractor shall include this clause, including this paragraph (g) in all subcontracts under this contract, which exceed the simplified acquisition threshold in Part 13 of the Federal Acquisition Regulation.

IB-1. AF FAR 5352.204-9000

**NOTIFICATION OF GOVERNMENT SECURITY ACTIVITY**  
(IAW AFFARS 5304.404-90)

MAY 1996

Thirty days before the date Contractor operations will begin on base, the Contractor shall notify the security police activity shown in the distribution block of the DD Form 254, DOD Contract Security Classification Specification, as to--

(a) The name, address, and telephone number of this contract company's representative and designated alternate in the U.S. or overseas area, as appropriate;

(b) The contract number and military contracting command;

(c) The highest classification category of defense information to which Contractor employees will have access;

(d) The Air Force installations in the U.S. (in overseas areas identify only the APO number(s)) where the contract work will be performed;

(e) The date Contractor operations will begin on base in the U.S. or in the overseas area;

(f) The estimated completion date of operations on base in the U.S. or in the overseas area;  
and

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(g) Any changes to information previously provided under this clause.

This requirement is in addition to visit request procedures contained in DoD 5220.22M, National Industrial Security Program Operating Manual, when released.

(END OF CLAUSE)

IB-2. AF FAR 5352.204-9001 **VISITOR GROUP SECURITY AGREEMENTS** MAY 1996  
 (IAW AFFARS 5304.404-90)

Prior to beginning operations involving classified information on an installation identified on the DD Form 254 where the contractor is not required to have a facility security clearance, the contractor shall enter into a security agreement (or understanding) with the installation commander to ensure that its' security procedures are properly integrated with those of the installation. As a minimum, the agreement shall identify the security actions which will be performed--

(a) By the installation for the contractor, such as providing storage and classified reproduction facilities, guard services, security forms, security inspections under DoD 5220.22-M, paragraph 5ag, classified mail services, security badges, visitor control and investigating security incidents; and

(b) Jointly by the contractor and the installation, such as packaging and addressing classified transmittals, security checks, internal security controls, and implementing emergency procedures to protect classified material.

IB-3. 5352.223-9000 **ELIMINATION OF USE OF CLASS I OZONE DEPLETING SUBSTANCES (ODS)** (IAW AFFARS 5323.890-7) MAY 1996

(a) It is the Air Force policy to preserve mission readiness while minimizing dependency on Class I Ozone Depleting Substances (ODS), and their release into the environment, to help protect the Earth's stratospheric ozone layer.

(b) Unless a specific waiver has been approved, Air Force procurements:

(1) May not include any specification, standard, drawing or other document that requires the use of a Class I ODS in the design, manufacture, test, operation, or maintenance of any system, subsystem, item, component or process; and

(2) May not include any specification, standard, drawing or other document that establishes a requirement that can only be met by use of a Class I ODS.

(c) For the purposes of this Air Force policy, the following are Class I ODS:

(1) Halons: 1011, 1202, 1211, 1301 and 2402

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(d) The Air Force has reviewed the requirements specified in this contract to reflect this policy. Where considered essential, specific approval has been obtained to require use of the following substances:

<u>Substance</u>	<u>Application/Use</u>	<u>Quantity (lbs)</u>
NONE		
IB-4. AF FAR 5352.223-9001	<b>HEALTH AND SAFETY ON GOVERNMENT INSTALLATIONS</b> (IAW AFFARS 5323.9002)	JUN 1997
IB-5. 5352.242-9000	<b>CONTRACTOR ACCESS TO AIR FORCE INSTALLATIONS</b> (IAW AFFARS 5342.490-1)	MAY 1996

(a) The contractor shall obtain base identification and vehicle passes for all contractor personnel who make frequent visits to or perform work on the Air Force installation(s) cited in the contract. Contractor personnel are required to wear or prominently display installation identification badges or contractor-furnished, contractor identification badges while visiting or performing work on the installation.

(b) The contractor shall submit a written request on company letterhead to the contracting officer listing the following: contract number, location of work site, start and stop dates, and names of employees and subcontractor employees needing access to the base. The letter will also specify the individual(s) authorized to sign for a request for base identification credentials or vehicle passes. The contracting officer will endorse the request and forward it to the issuing base pass and registration office or security police for processing. When reporting to the registration office, the authorized contractor individual(s) should provide a valid driver's license, current vehicle registration, valid vehicle insurance certificate, and a request letter (on company letterhead) through the Functional Commanders at the applicable installation. The letter shall contain the following information: request for access to the installation, name and social security numbers of employees that need access, contract number, and contract expiration date to obtain a vehicle pass.

(c) During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

(d) When work under this contract requires unescorted entry to controlled or restricted areas, the contractor shall comply with AFI 31-209, the Air Force Resource Protection Program, and AFI 31-501, Personnel Security Program Management, as applicable.

(e) Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification passes issued to employees and subcontractor employees are returned to the issuing office.

**PART II - CONTRACT CLAUSES**  
**SECTION I- CONTRACT CLAUSES**

(f) Prior to submitting an invoice for final payment, the prime contractor shall obtain a clearance certification from the issuing office which states all base identification passes have been turned in, accounted for, or transferred to a follow-on contract. This certification shall be submitted to the contracting officer prior to submission of the final invoice for payment.

(g) Failure to comply with these requirements may result in withholding of final payment.

(a) The offeror certifies that-

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to

- (i) those prices,
- (ii) the intention to submit an offer, or
- (iii) the methods or factors used to calculate the prices offered;

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) above; or

(2) (i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) above \_\_\_\_\_  
(insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to subparagraphs (a)(1) through (a)(3) above.

(c) If the offeror deletes or modifies subparagraph (a)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

OF OFFERORS OR QUOTERS**

K-6. 52.219-1 **SMALL BUSINESS PROGRAM REPRESENTATIONS**  
(IAW FAR 19.307(a))

MAY 2001

**Small Business Program Representations (May 2001)**

(a)

(1) The North American Industry Classification System (NAICS) code for this acquisition is 488190.

(2) The small business size standard is \$5 million.

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b) *Representations.*

(1) The offeror represents as part of its offer that it \_\_\_ is, \_\_\_ is not a small business concern.

(2) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents, for general statistical purposes, that it \_\_\_ is, \_\_\_ is not, a small disadvantaged business concern as defined in 13 CFR 124.1002.

(3) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents as part of its offer that it \* is, \* is not a women-owned small business concern.

(4) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents as part of its offer that it \* is, \* is not a veteran-owned small business concern.

(5) (Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (b)(4) of this provision.) The offeror represents as part of its offer that it \* is, \* is not a service-disabled veteran-owned small business concern.

(c) *Definitions.* As used in this provision--

*"Service-disabled veteran-owned small business concern"-*

(1) Means a small business concern-

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less

**SECTION K – REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS  
OF OFFERORS OR QUOTERS**

than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"*Small business concern*," means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

"*Veteran-owned small business concern*" means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"*Women-owned small business concern*," means a small business concern --

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(d) *Notice.*

(1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a small, HUBZone small, small disadvantaged, or women-owned small business concern in order to obtain a contract to be awarded under the preference programs established pursuant to section 8(a), 8(d), 9, or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall --

(i) Be punished by imposition of fine, imprisonment, or both;

(ii) Be subject to administrative remedies, including suspension and debarment; and

**(NOTE: The offeror must check the appropriate box(es).)**

### **Certification of Toxic Chemical Release Reporting (Oct 2000)**

(a) Submission of this certification is a prerequisite for making or entering into this contract imposed by Executive Order 12969, August 8, 1995.

(b) By signing this offer, the offeror certifies that --

(1) As the owner or operator of facilities that will be used in the performance of this contract that are subject to the filing and reporting requirements described in section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11023) and section 6607 of the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13106), the offeror will file and continue to file for such facilities for the life of the contract the Toxic Chemical Release Inventory Form (Form R) as described in sections 313(a) and (g) of EPCRA and section 6607 of PPA; or

## SECTION K – REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF OFFERORS OR QUOTERS

(2) None of its owned or operated facilities to be used in the performance of this contract is subject to the Form R filing and reporting requirements because each such facility is exempt for at least one of the following reasons: *[Check each block that is applicable.]*

\_\_\_ (i) The facility does not manufacture, process, or otherwise use any toxic chemicals listed under section 313(c) of EPCRA, 42 U.S.C. 11023(c);

\_\_\_ (ii) The facility does not have 10 or more full-time employees as specified in section 313(b)(1)(A) of EPCRA, 42 U.S.C. 11023(b)(1)(A);

\_\_\_ (iii) The facility does not meet the reporting thresholds of toxic chemicals established under section 313(f) of EPCRA, 42 U.S.C. 11023(f) (including the alternate thresholds at 40 CFR 372.27, provided an appropriate certification form has been filed with EPA);

\_\_\_ (iv) The facility does not fall within Standard Industrial Classification Code (SIC) major groups 20 through 39 or their corresponding North American Industry Classification System (NAICS) sectors 31 through 33; or

\_\_\_ (v) The facility is not located within any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Northern Mariana Islands, or any other territory or possession over which the United States has jurisdiction.

K-17. 252.209-7001 **DISCLOSURE OF OWNERSHIP OR CONTROL BY THE GOVERNMENT OF A TERRORIST COUNTRY**  
(IAW DFARS 209.104-70(a))

MAR 1998

(a) *Definitions.* As used in this provision-

(1) "Government of a terrorist country" includes the state and the government of a terrorist country, as well as any political subdivision, agency, or instrumentality thereof.

(2) "Terrorist country" means a country determined by the Secretary of State, under section 6(j)(1)(A) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(i)(A)), to be a country the government of which has repeatedly provided support for acts of international terrorism. As of the date of this provision, terrorist countries include: Cuba, Iran, Iraq, Libya, North Korea, Sudan, and Syria.

(3) "Significant interest" means-

(i) Ownership of or beneficial interest in 5 percent or more of the firm's or subsidiary's securities. Beneficial interest includes holding 5 percent or more of any class of the firm's securities in "nominee shares," "street names," or some other method of holding securities that does not disclose the beneficial owner;

(ii) Holding a management position in the firm, such as a director or officer;

(iii) Ability to control or influence the election, appointment, or tenure of directors or officers in the firm;

## SECTION K – REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF OFFERORS OR QUOTERS

(iv) Ownership of 10 percent or more of the assets of a firm such as equipment, buildings, real estate, or other tangible assets of the firm; or

(v) Holding 50 percent or more of the indebtedness of a firm.

(b) *Prohibition on award.* In accordance with 10 U.S.C. 2327, no contract may be awarded to a firm or a subsidiary of a firm if the government of a terrorist country has a significant interest in the firm or subsidiary or, in the case of a subsidiary, the firm that owns the subsidiary, unless a waiver is granted by the Secretary of Defense.

(c) *Disclosure.* If the government of a terrorist country has a significant interest in the Offeror or a subsidiary of the Offeror, the Offeror shall disclose such interest in an attachment to its offer. If the Offeror is a subsidiary, it shall also disclose any significant interest the government of a terrorist country has in any firm that owns or controls the subsidiary. The disclosure shall include-

(1) Identification of each government holding a significant interest; and

(2) A description of the significant interest held by each government.

L-12.	52.237-1	<b>SITE VISIT</b> (IAW FAR 37.110(a))	APR 1984
-------	----------	---------------------------------------	----------

a. A site visit will be held at F E Warren AFB WY, Bldg. 1250 at 8:00 AM, on 12 December 2001. A guided tour will be given to brief the prospective offerors on the technical facilities and equipment. Presentations of the other sites will be provided during the site visit as well. Security clearance of **SECRET** is desirable for the site visit. Refer to Security Clearance provision below for further security requirement instructions and visitors request information. **Attendance is limited to three (3) persons per company. This limitation includes any subcontractor participation planned by the prime. Should extra spaces be available, a lottery system will be utilized for fair distribution of seats.**

b. RFP questions shall be submitted in writing **NLT 5 December 2001** to the Contracting Officer, 21 CONS/LGCZB, ATTN: Contracting Officer, Bldg 365, 135 East Ent Ave., Suite 114, Peterson AFB CO 80914-1385. Questions arising as a result of the site visit will be responded to informally at the preproposal conference. All written questions will be officially responded to as an amendment to the RFP. Any oral discussions at the conference which are not incorporated into the RFP will not be considered a part of the resulting contract. The offeror is responsible for all travel and billeting costs associated with the site visit.

L-16 **INQUIRIES**

Any inquiries regarding the content of the Statement of Work or regarding the terms and conditions of the solicitation must be filed in writing with the Operational Contracting Office at least 10 work days prior to proposal closing. If the inquiry is within the 10 workday window, the Contracting Office is under no obligation to acknowledge, respond, or make any solicitation changes.

L-17. **RESTRICTION ON BRIEFINGS**

Concurrent with the release of the formal RFP to potential offerors, Government personnel will be advised that a source selection action is in progress for the requirements of this RFP and that briefings to them by participating offerors on the subject of this RFP are inappropriate during the period of selection and prior to award of a contract. Recipients of this RFP are advised accordingly not to attempt such briefings during this period. Briefings are only allowed if requested and approved by the Contracting Officer.

L-18. **TYPE OF ACQUISITION**

THIS ACQUISITION IS UNRESTRICTED.

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS****L-19 AMENDMENT OF SOLICITATION PRIOR TO PROPOSAL CLOSING TIME**

The Government reserves the right to revise or amend the specifications, drawings or the solicitation prior to and, in some cases, after the proposal closing time. Such revisions or amendments, will be communicated by formal amendments (Standard Form 30) to this Request For Proposal via FEDBIZOPS. If such amendments require material changes in quantities or prices, the proposal closing date may be postponed by enough days to enable offerors to revise their proposals. In such cases, the amendment will include an announcement of the new proposal closing date and time.

**L-20 POSTPONEMENT OF PROPOSAL CLOSING DATE**

a. An amendment postponing proposal closing may be issued even after the time scheduled for proposal closing, under the following conditions:

(1) When the Contracting Officer has reason to believe that the offers of an important segment of offerors have been delayed in the mails for causes beyond their control and without their fault or negligence (such as, but not limited to, flood, fire, accident, weather conditions or strikes); or

(2) When emergency or unanticipated events interrupt normal governmental processes so that conducting proposal closing as scheduled is impracticable.

b. At the time a determination is made to postpone a proposal closing under subparagraph a(1), above, an announcement of the determination shall be publicly posted and, if practicable before issuance of formal amendment of the RFP, otherwise communicated to prospective offerors.

c. In the case of subparagraph a(2) above, the Contracting Officer may proceed with the proposal closing date as soon as practicable after the time scheduled, without prior amendment to the RFP or Notice to Offerors whenever the delay incident to such amendment or notice is not in the best interest of the Government. In such case, the time of actual proposal closing shall be deemed to be the time set for proposal closing for the purpose of determining late proposals.

**L-21. TECHNICAL REFERENCE LIBRARY (BIDDER'S LIBRARY)**

Documents listed in SOW are available for examination by offerors. Unclassified and classified documents will be in the Bidder's Library located at Building 65, F E Warren AFB WY 89005 and is available for use by appointment. Call 20 AF/DOHM, Helicopter Maintenance Chief, from 0800-1600, at (307) 775-5578 or (307) 775-2909 at least four calendar days in advance to arrange access. In order to preclude the perception that problems with Government copiers impact offeror information access, offerors are required to bring their own copier to the unclassified documents facility, with the understanding that the Government will not be responsible for either maintenance of, or supplies for, the copier. Offerors will not be allowed to remove any documents from this area. Offeror access to these facilities will be allowed in 3 hour increments

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

(either a morning (0800 to 1100) or afternoon (1300 - 1600) session), and no offeror will be scheduled for more than one session per day. To review classified documents, security clearance of SECRET is required. Four calendar days notice is required. Offerors will not be allowed to copy classified material.

**L-22. SECURITY CLEARANCE**

Personnel desiring to review classified material as part of the Bidder's Library must have a confirmed security clearance of **SECRET or higher**. Accordingly, "Visitor's Request" information must be submitted in writing to 21 CONS/LGCZB, ATTN: Contracting Officer, 135 East Ent Ave, Ste 114, Peterson AFB CO 80914-1385, in accordance with DoD 5220.22-M National Industrial Security Program Operating Manual. Personnel desiring to review unclassified material as part of the Bidder's Library do not need a confirmed security clearance of **SECRET or higher**. Personnel participating in the Site Visit and Preproposal Conference do not need a security clearance of secret. **TO BE AWARDED THIS ACQUISITION, CONTRACTORS MUST POSSESS A SECRET FACILITY CLEARANCE AND HAVE A MINIMUM OF SECRET SAFEGUARDING LEVEL.**

**DEPARTMENT OF DEFENSE ACQUISITION REGULATION SUPPLEMENT (48 C.F.R. CHAPTER 2) CLAUSES.****L-23. 252.204-7001 COMMERCIAL AND GOVERNMENT ENTITY (CAGE) CODE AUG 1999 REPORTING (IAW DFARS 204.603-1)**

a. The Offeror is requested to enter its CAGE code on its offer in the block with its name and address. The CAGE code entered must be for that name and address. Enter CAGE before the number.

b. If the Offeror does not have a CAGE code, it may ask the Contracting Officer to request one from the Defense Logistics Service Center (DLSC). The Contracting Officer will:

1. Ask the Contractor to complete Section B of a DD Form 2051, Request for Assignment of a Commercial and Government Entity (CAGE) Code;

2. Complete section A and forward the form to DLSC; and

3. Notify the Contractor of its assigned CAGE code.

c. Do not delay submission of the offer pending receipt of a CAGE code.

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS****L-25 252.211.7002 AVAILABILITY FOR EXAMINATION OF SPECIFICATIONS, STANDARDS, PLANS, DRAWINGS, DATA ITEM DESCRIPTIONS, AND OTHER PERTINENT DOCUMENTS DEC 1991**

Offerors may obtain the specifications, standards, plans, drawings, data item descriptions, and other pertinent documents cited in this solicitation by submitting a request to:

21 CONS/LGCZB  
135 EAST ENT AVE., SUITE 105  
PETERSON AFB CO 80914-1385

Include the number of the solicitation and the title and number of the specification, standard, plan, drawing, or other pertinent document.

**L-26. 5352.215-9000 FACILITY CLEARANCE (IAW AFFARS 5315.204-5(b) ) MAY 1996**

a. The offeror must possess, or acquire prior to award of a contract, a facility clearance equal to the highest classification stated on the Contract Security Classification Specification (DD Form 254) attached to this solicitation (attachment 6).

**L-27. PROPOSAL PREPARATION INSTRUCTIONS**

1. Cross-reference to Part IV, Section M, entitled "Evaluation of RFP and Technical Proposal," for information regarding how your RFP and technical proposal will be evaluated. This solicitation is being conducted in accordance with AFFARS 5315.3 (Source Selection), Past Performance, Price Trade Off (PPT).

a. These instructions provide mandatory guidance to the offeror in the preparation of their proposal. To aid in the evaluation, all proposals shall follow the same general format. A complete proposal is defined as one consisting of four (4) separate volumes within the required page count. The number of copies shall also include the original document. The proposal should include all of the information requested in subparagraphs. Failure to do so may adversely affect the evaluation. A proposal that is sufficiently documented to support performance/cost claims in a complete, orderly, and specific detailed manner will enable the Government to perform a thorough and fair evaluation.

b. Proposals shall be complete and in the requested format. Offerors may submit more than one proposal, but each must contain all required information. Offerors are advised to submit proposals, which are clear, complete and accurate, as the Government may award solely on the basis of the proposal as submitted without requesting further information or opening discussions. The proposal must furnish sufficient information and rationale allowing the government to evaluate your capabilities to perform all requirements outlined in the SOW. The proposal shall not merely offer to perform the work in accordance with the SOW, but shall outline specific proposed methods for accomplishing the SOW tasks. REITERATING THE SOW IS UNACCEPTABLE.

c. The primary point of contact for this acquisition is the Contracting Officer (CO), Ms Lisa D. Spencer. The alternate point of contact for this acquisition is the Contract Specialist, Mr Bill Brooks. Address any questions or concerns you may have to the CO. Requests for clarification must be in writing and may be faxed to (719) 556-7396; emailed to [lisa.spencer@peterson.af.mil](mailto:lisa.spencer@peterson.af.mil); or mailed to 21 CONS/LGCZB, 135 E. Ent Ave., Suite 114, Peterson AFB CO 80914-1385. Offerors should call before faxing or emailing any questions.

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

d. All offerors may be provided debriefings in accordance with (IAW) 15.505 and 15.506. If offerors are eliminated from the competitive range determination, they may elect to wait until post award to receive their debriefing. In no case will an offeror receive two debriefings.

e. If the CO determines that discussions will be necessary, once discussions have been concluded, the CO will request offerors, determined to be within the competitive range, to provide a final proposal revision (FPR). Offerors are advised not to modify their technical/management proposal in FPR, either directly, by inference or effect. Example: manning levels and employee classifications should not be modified in order to reduce price at time of FPR. Any changes in manning levels should have been addressed in responses to evaluation notices (EN) or discussions. Failure to comply with this requirement can adversely influence the evaluation of your proposal and/or may result in your proposal being found non-responsive. The CO will establish a common due date and time for submission of the FPR.

f. Unrealistic cost estimates, initially or subsequently, may be grounds for eliminating a proposal from competition either on the basis that the offeror does not understand the requirement, or has made an improvident proposal.

**2. Purpose.**

The instructions prescribe the format of proposals and describe the approach for the development and presentation of the proposed data. **The Government intends to award in accordance with Air Force Federal Acquisition Regulation Supplement (AFFARS) 5315.101-1.** The proposal should include all of the information requested in the subparagraphs. Failure to do so may adversely affect the evaluation. A proposal that is sufficiently documented to support performance/cost claims in a complete, orderly, specific detailed manner will enable the Government to perform a thorough and fair evaluation.

**3. Delivery Instructions**

a. Each volume of the proposal shall be separately bound in a three-ring binder. Each volume shall have a cover sheet clearly marked with the following:

- \_\_\_\_\_ - Volume Number
- \_\_\_\_\_ - Copy Number
- \_\_\_\_\_ - Title
- \_\_\_\_\_ - Request for Proposal/Solicitation Number
- \_\_\_\_\_ - Offeror's Name
- \_\_\_\_\_ - Proposals shall be stamped **'SOURCE SELECTION SENSITIVE'**
- \_\_\_\_\_ - The legend, **"To Be Delivered Unopened to the Contracting Officer"**

b. Mail/Delivery/Address:

\_\_\_\_\_ ATTN: Ms Lisa D. Spencer  
\_\_\_\_\_ 135 E. Ent Ave, Suite 114  
\_\_\_\_\_ Peterson AFB CO 80914-1385

c. A master index shall be included to allow for an inventory of all items included in the proposal. (This index will not be included in any page limitation.)

**SECTION I – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

d. Deliver two (2) copies of your Volume I, Past Performance, eight (8) copies of your Volume II, Mission Capability, three (3) copies of Volume III Cost Proposal, two (2) copies of Volume IV Proposal Documentation, and two (2) copies of Volume IV Proposal Documentation to the address in 2b above. **OFFERORS MUST ENSURE THAT NO PRICING INFORMATION IS DISPLAYED IN THE MISSION CAPABILITY VOLUME.**

**4. Format Instructions**

a. Page: A page is defined as each face of an 8.5" x 11" sheet of paper containing information. All information (except for document numbers, page numbers, etc.) shall be provided in an image area of 7" x 9". Two pages may be printed on one sheet of paper but will count as two pages. The background color of each page of the proposal submission shall be white or ivory stock only. All material must be contained within the page limit identified in each volume. All pages shall be numbered consecutively.

b. Text: Type size shall not be smaller than the type used to generate this solicitation. This particular font is Microsoft Word *Times New Roman*, 11 point font, normal proportionally spacing. Text lines will be a minimum of single-spaced, not to exceed 35 lines of columns per page. Single column is the preferred format, but double-column presentation and use of bold fact type for paragraph headings is acceptable.

c. Illustrations and Tables: Charts, tables or diagrams shall not exceed 8.5" x 11", Figure call-outs shall be legible and shall be at least six (6) points in height after final reduction. Figure call-outs may be single-spaced.

d. Binding: Elaborate format and binding are neither necessary or desirable. All binders will be capable of lying flat when opened. The cover and spine of each binder will clearly identify the volume number, copy number, title, request for proposal/solicitation number, and offeror's name. The original for each volume will be clearly identified on the cover and the spine. All binders will allow for easy removal and replacement of pages.

**5. Summary of Proposal Content**

A complete proposal consists of four (4) volumes, with the required chapters in the number of copies and binders specified below, and completion of all required Past Performance questionnaires. Evaluators will read only up to the maximum number of pages specified. Pages in excess of the maximum will be removed and mailed back to the offeror with no copies retained by the Government. Lack of evaluation on returned pages may be grounds for elimination. Proposals should reflect quality rather than quantity. Title pages and indexes will not be included for page counts limitation purposes unless information regarding the proposal is included on the title or index page.

**\*\* This Mission Capability proposal is limited to 150 pages for Chapters 2, 3, 4, and 5. Chapter 1 is excluded from the maximum page count. The Table of Contents (required) and Acronym list (optional) are excluded from any page count.**

**1. Specific Documentation Instructions**

a. **Volume I, Chapter 1 – Past Performance:** The offeror shall provide data as specified below. Past Performance information will be evaluated as performance risk. The Past Performance Questionnaire the Government intends to use in its evaluation is an attachment to this RFP (See Section J).

(1) Past performance, for the purpose of satisfying this requirement, means quality of work, essentially comparable to this acquisition, SIMILAR WORK OF A SIMILAR MAGNITUDE. Contracts or subcontracts, in which performance has occurred in the past **three (3)** years, preferably Department Of Defense contracts, will be considered relevant. However, all past performance submitted will be considered. Identify the division or profit center that performed the contract. It must be accurate and complete, including current point of contact (POC) names and phone numbers.

(2) In describing contractual effort and the offeror's performance, include specific details of technical performance (actual performance versus required performance; actual quality or reliability versus specified levels; security deviations, violations, compromises; performance incentives and award fee earned versus total award fee pool, etc); management performance in meeting program schedules and milestones; and cost performance (underruns or overruns, cost incentives earned or lost, etc.); organizational conflict of interest; and division of company proposing and relationship with any subcontractor/teaming arrangements. The discussion should include "lessons learned" or a description of any corrective action taken to prevent recurrence of past performance listed and considered substandard, and a narration or recitation of how the past experience may benefit this program.

(3) A Performance Questionnaire format and cover letter is identified in Section J and is provided as Atch 5. Offerors will provide the cover letter and questionnaire to sources that can evaluate their performance. Questionnaire must be provided on at least four (4) but no more than six (6) different contracts consisting of like requirements found in this solicitation. These contracts must have been performed within the past **three (3)** years. The Government will evaluate questionnaires regarding the first six contracts received. Excess questionnaires will not be evaluated. A list of those to whom the questionnaires have been sent and the name and phone number of a contact person shall be furnished to the Contracting Officer. **It is the contractor's responsibility to follow-up with their contract POC to ensure questionnaires have**

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

**been completed and returned to the address provided in the cover letter by the specified due date. Any evaluation received after the due date will be considered late and will not be evaluated.** Contractors may also follow-up with the Contracting Officer on this acquisition to verify receipt of evaluations.

(4) Past performance information on recent contracts not listed by the offeror may also be sought and evaluated.

**NOTE: The burden for providing up-to-date Program Manager/Contracting Officer/Administrative Contracting Officer information rests with the offeror. The government will not seek out corrections to incomplete or insufficient information on behalf of offerors. Unverifiable information will not be considered in past performance assessment. Inadequate diligence in this area will be considered.**

b. **Volume II – Mission Capability (MC) Proposal:** The purpose of the MC proposal is to set forth in the most comprehensive manner the offeror's approach, principles, and practices and to demonstrate the offeror's ability to apply them to the Helicopter Maintenance requirements. The MC proposal shall present a clear, concise description of how the offeror plans to manage the efforts defined in the SOW. The offeror may cite directly applicable past performance where such experience clarifies discussion. Similarly, lessons learned from comparable present and past experience shall be mentioned. Within the MC proposal, the offeror shall respond to the specific management and technical areas as addressed below. In these responses, the offeror must clearly show they have the ability to provide quality services by demonstrating an understanding of the requirements of the SOW, an ability to comply with those requirements and soundness in the intended approach to fulfilling performance of the work. When discussing management principles, the offeror shall address all management procedures reasonable and necessary to support the performance requirements of the SOW to include any proposed subcontracting plans and how they will be managed. Each major functional area will be evaluated using the assessment criteria from Section M. Organize your response into the following areas. No cost or pricing data shall be included in the MC proposal.

(1) **Chapter 1 – Personnel** This chapter should provide insight into your staffing approach to the stated SOW requirements to ensure successful mission performance throughout the life of this contract. Give the Government insight into your ability to staff this contract.

(a) **Subchapter 1 – Management Techniques:** Discuss your methodology for recruiting, hiring and retaining (both locally/nationally) a sufficient number of fully qualified employees. Provide staffing methodology by shift and skill classification for each organization element. Sufficient details must be included to support manning requirements for each specified work area within the SOW. The proposal must outline personnel utilization (full-time [40 hour per week], part-time, temporary employees, and cross-utilization). The proposal should contain substantiation for proposed staffing levels and rationale for proposed skill level mix for each element in the organization to include each shift, as well as lapse rate factors in pricing/manning figures to compensate for hiring, personnel turnover, excess sick leave, etc. **NOTE:** A zero lapse rate is unrealistic. If cross-utilization of personnel is proposed, details must be provided regarding skills involved, number of employees, the classes of personnel to be cross-utilized and the methodology/criteria for selecting personnel for cross-utilization. Proposing multi-skilled personnel does not alleviate the requirement to comply with Department of Labor Wage guidelines. Detailed staffing data is designed to reflect the proposal for the basic contract. **Explain any anticipated variances from the basic period on separate correspondence, to include specific manpower changes, and rationale for changes. Equitable evaluation principles require offerors ensure the government evaluators fully understand the implications of an offerors**

**SECTION L – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

manpower approach to include all potential manpower reductions in the option years of the contract. Unsubstantiated manpower reductions based on a numerical percentage assumption over the life of the contract are unrealistic and will be considered unacceptable. Any manpower reductions, to include reductions based on cost savings estimates, must be fully documented and justified. Offerors shall provide specific detail addressing anticipated reduction in staffing levels to include, as a minimum, what change; where and when the change will occur; why the change is possible; schedules as required (to include supporting actions i.e. configuration control approval cycle time line, equipment purchase lead time, equipment installation time line, test time-line, etc); all prices associated with these functions; associated risks with your assumptions; and your approach for eliminating or minimizing your risk. Offerors are cautioned that any manpower reductions must result from an action under their control; reductions based on assumptions regarding changes in SOW tasking or implementation of new governmental programs/capabilities are unacceptable.

(b) Subchapter 2 – Position Descriptions: Provide comprehensive position descriptions. Evaluation of proposed position descriptions will be used to determine acceptability of the offeror's approach for providing sufficient personnel with appropriate qualification levels necessary to ensure fulfillment of the requirements of the SOW. These position descriptions are required to facilitate proposal evaluation and/or are in no way intended to take the place of, or conflict with Department of Labor Directory of Occupation Descriptions. Position descriptions shall be prepared for each job position and shall include the following: Contractor Position Number Identifier (alpha-numeric code applicable to the contractor's numbering system); Job Classification (Position Title); Job Summary (high level description of assigned work); Primary Duty Responsibilities (listing of key job task/responsibilities); Secondary Duty Responsibilities (listing of secondary tasks/responsibilities if secondary or other duty responsibilities); Additional Duties (listing of all additional duties by title or task as appropriate, numbered in sequence from most time consuming to least time consuming); Man Year Work Breakdown (identify proposed usable man year effort hours of the position against the primary, secondary and all additional duty requirements (i.e. Primary Duty (PD) 1250 hours, Secondary Duty (SD) 450 hours, Additional Duty (AD) 1-100 hours, 2-80, 3-40 hours); Proposed number of days or hours shown for each position shall be exclusive of projected vacation periods, holidays, etc.; Experience (level and length); and Education (level and type, to include any certifications or licensing). Position description should not exceed two (2) pages each.

Note 1: If the same position description is proposed for several individuals, it will suffice to provide one job description with all related contractor position number identifiers listed on the ID line of the position description.

(c) Subchapter 3 – Supporting Documentation Illustrating Qualifications of Key Personnel, i.e., for the Contract Manager and all management and supervisory personnel. Documentation shall include indicate whether he or she is presently employed within the offeror's organization or has been determined to be available from another source. If any personnel are not currently employed by offeror, offeror is required to furnish with the offeror's proposal, an explanation of the level of commitment reached with the prospective employee. This information should be shown as an attachment to the proposal. Documentation should not exceed two (2) pages each.

(d) Subchapter 4 – Organization Charts:

(i) Subchapter 4, Section 1 - Management: Provide an organization chart showing chain of command, supervision and staff for the work unit and any staff that will supplement your unit management. Define the direct lines of control, responsibility, functional

**SECTION I – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

relationships, and authority between the management office and your other organization elements. This proposal shall specify how the management personnel is employed to fulfill the contract will operate organizationally.

(ii) Subchapter 4, Section 2 – Individual Sites: Provide organization charts detailing work center functional organizational alignment for this requirement. Organizational charts shall include all personnel assigned to each work center by contractor position number identifier and job title/work classification title; also provide roll up manpower totals for each functional division starting with the work center through the complete site manpower total. In addition, provide details regarding shift schedules for all 24 hour-a-day work centers, and any shifts that are not a standard eight day (i.e. 7:30 a.m. - 4:30 p.m.).. Specifically address the number of personnel per shift, start and stop time of each shift, and provide an example of one complete shift rotation schedule for each 24 hour work area.

(e) Subchapter 5 - Detailed Staffing Data: Provide pertinent details for proposed staffing in table format by Contract Line Item Number (CLIN). Appropriate data shall be shown for all categories of proposed personnel (salaried, clerical and manual), to include the proposed mix and number of personnel by function and sub-function in a sequential arrangement corresponding to the organization functional chart. The data shall include, but not necessarily be limited to: job classifications (position titles); number of personnel for each job classification entry; numbers of hours per week for each job classification entry with corresponding contractor position number identifier(s) for each functional area. Job classifications used shall agree with those used in your proposed functional charts and position descriptions.

(2) **Chapter 2 – Program Management** This chapter should provide insight into the objectives you plan to apply to ensure successful mission performance throughout the life of this contract. The following general areas should be discussed.

(a) Subchapter 1 – Management Methods: Describe your management philosophy and address the specific management methods to be used over the life of the contract to ensure fulfillment of the technical requirements of the SOW, in particular documentation and maintenance to be performed on assigned aircraft to bring aircraft to fully mission capable status, scheduling, and weight and balance. Identify any management or workforce objectives, which enhances your proposed mission performance capabilities.

(i) Describe the management techniques used to establish priorities and resolve conflicts regarding aircraft maintenance over the life of the contract. Identify any technical, schedule, and proposal risks associated with your proposal, together with your approaches for resolving or minimizing the identified risks.

(ii) Describe the method used to accommodate varying staffing requirements over the life of the contract. Discuss how you will handle both long term ongoing tasks and special efforts of lesser duration. Identify any specific rules or guidelines to be used. Explain the staffing approach to services with a fluctuating level of effort, emergency, contingency, or seasonal tasks.

(iii) Describe any innovative approaches used to realize cost/manpower savings.

(iv) Discuss the business support available to the contract manager; and provide a description of the contract manager's responsibility to the business and authority to

**SECTION I – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

commit program funds. Describe any regional or home office assistance that will enhance operations.

(v) In addition to the above the following specific areas must be addressed:

(a) Training: Discuss your ability to provide detailed training requirements, develop comprehensive training packages, coordinate and conduct training activities, and resolve user problems through the proposed training.

(i) Describe your methods and approach for both your initial and on going training programs that ensures personnel are technically qualified to meet the minimum requirements and qualifications required to accomplish tasks as specified in the SOW.

(ii) If cross-utilization of personnel is part of your approach, discuss the goals and objectives of the cross-utilization training program. NOTE: The government does not intend to provide any training to contractor personnel except as stated in the SOW.

(b) Safety Plan.

(c) Contingency, Emergency Services and Response: Explain your approach for developing and maintaining Disaster Preparedness and Contingency Planning documents and plans; your plan for conducting training and exercise scenarios, management of real-world situations, and providing liaison with civilian emergency management organizations.

(d) Plan for Labor Strikes or Other Emergencies: Explain your approach for developing and implementing your plan for rapid mobilization of personnel to prevent and/or alleviate "downtime" in the event of a work stoppage, strike, catastrophic events or emergency(ies) at one, multiple, or all of the sites.

(4) **Quality Performance** This chapter should provide insight into your quality approach to the stated SOW requirements.

(a) Subchapter 1 – Management Techniques: Describe the quality management philosophy you will use to ensure quality and consistency of effort in the performance of the PWS.

(i) Discuss high-level processes and key aspects of your Quality Control System, Quality Assurance Program, management involvement, inspection instructions, and the level of program independence.

(ii) Identify any quality objectives, which enhance your proposed mission performance capabilities.

(b) Subchapter 2 – Quality Control Plan (QCP): Provide a complete, fully developed QCP. The QCP is excluded from the maximum 150 page count.

(6) **Phase-In Plan** The offeror shall outline the planned mobilization functions and shall include as a minimum:

(a) Time phasing of key management and supervisory personnel.

α

**SECTION I – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

- (b) Work force build up and/or transition of current contractor employees.
- (c) Processing of required background checks.
- (d) Initial certifications or training.
- (e) Proposed transfer of Government property, including a joint inventory and transfer schedule.
- (f) Identification of the level in the corporation at which responsibility for the phase-in is located, and the structure of the organization for accomplishing the phase-in.
- (g) The phase-in plan shall include a time line (Gantt Chart, Microsoft Project or similar format) to include start and completion of each event, e.g. interviewing, hiring, human resource actions, training, transfer of Government property, and start work dates.
- (h) The Government realizes that there may be an element of risk in this transition from one contractor operation to another contractor operation. Offerors are encouraged to identify any risk and explain how they propose to minimize or mitigate it.
- (i) Any other information the offeror considers appropriate.

Note: Sufficient detail must be provided to support the estimated cost of the Phase-In CLIN and identified in the cost volume.

**b. Volume III – Cost Proposal****(1) General Instructions**

- (a) Certified cost or pricing data is not required for this solicitation. However, information other than cost or pricing data is required to assess the cost realism of the offeror's price. Offeror's in-house formats are acceptable, provided they display the information requested in subparagraph (2) below.
- (b) Offerors should identify any technical, cost, schedule, and proposal risks associated with their proposal, along with suggested approaches for resolving or mitigating the identified risks.
- (c) All dollar amounts for all CLINs/SubCLINs should be proposed in whole dollar amount(s).
- (d) The Cost Volume should be submitted in hard copy and on disc in a Microsoft Excel 97 spreadsheet format or compatible spreadsheet.

**(2) Cost Volume****(a) Project Staffing Summary.**

- (i) Submit a consolidated project staffing summary segregating, by labor category, the direct labor hours provided by the prime contractor and any subcontractors or

**SECTION I – INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS OR QUOTERS**

consultants. Display the hours for the prime contractor, subcontractors, and consultants by CLIN/SubCLIN.

(ii) Include a total contract roll-up summary.

(iii) Submit the corresponding full-time equivalent (FTE) manning by CLIN/SubCLIN. (Submit a calculation of each distinct FTE)

(iv) Identify if the proposed labor category is an exempt or non-exempt Fair Labor Standards Act (FLSA) position.

(b) Productive Labor Hours. Identify the productive labor hours associated with one work-year of effort. Note that the productive hours may vary by labor category, by CLIN/SubCLIN. Verify that the proposed productive work-years properly correlates the level of employee experience/tenure with the level of benefits established under the applicable DOL wage determinations and collective bargaining agreement(s).

(c) Provide documentation to support the proposed CLIN prices in the detail prescribed in FAR 15.408, Table 15-2. However, please note it is anticipated that a Certification of Current Cost or Pricing Data as prescribed in FAR 15.408, Table 15-2, H. will not be required for this procurement.

(d) Submit the Prime contractor's cost/price evaluation of any subcontractor's proposals that meet the price thresholds described in FAR 15.408, Table 15-2, II.A. (2).

(e) Include in the Price Proposal Volume the Offeror's Total Compensation Plan for Professional Employees as prescribed in FAR 52.222-46.

(f) Absorption of Costs. If an offeror proposes to absorb a portion of costs or provide other benefits to the Government which affect price, the Offeror must explain the proposal and the impact on price.

(g) Submit the cost portion of the proposal via the following electronic media: Microsoft Excel or compatible.

**C. Volume IV – Proposal Documentation**

(1) **Chapter 1** - Completed Standard Form 33 (Solicitation, Offer and Award) with an original signature on at least one copy.

(2) **Chapter 2** - Completed Section B (All dollar amounts for all CLINs should be proposed in whole dollar amounts. Along with Schedule B include a statement acknowledging compliance with the attached US Department of Labor Wage Determinations.)

(3) **Chapter 3** – Section G – I complete applicable blanks

(4) **Chapter 4** – Complete Section K

(5) **Chapter 5** – Amendment(s) Acknowledgement(s)

**RESTRICTIONS ON CONTACTS**  
(IAW AFSPCFARS 5315.303(c)(4))

APR 1993

Concurrent with the release of this RFP, appropriate higher headquarters offices will be advised that a source selection action is in progress for Helicopter Maintenance for the period October 2002 through September 2003 and that contact by participating offerors on the subject of this RFP is inappropriate. Recipients of this RFP shall not attempt such contacts during this period.

## POST-AWARD/PREPERFORMANCE CONFERENCE

JUL 1993

A preperformance conference shall be scheduled by and held at the office issuing this RFP prior required to attend the preperformance conference.

**SECTION M – EVALUATION FACTORS FOR AWARD****M-1. Basis for Award.**

a. The Government will award a fixed price contract with Performance Incentives, resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. This acquisition will utilize Technically Acceptable, Performance Price Trade-Off (PPT) source selection procedures to make a best value award decision.

b. Offerors' technical proposals will be evaluated to determine technical acceptability. For the purpose of determining whether offerors are technically acceptable, offers will be evaluated based on a pass/fail basis evaluated against submitted technical proposals which address the Statement of Work requirements as outlined in the Mission Capability, Section L. **NOTE: At the time of final RFP release, a Pass/Fail Checklist will be added to illustrate criteria against which the technical proposals will be evaluated.** Once offeror's are determined to be technically acceptable, their proposals will be evaluated considering past performance documentation and price fair and reasonableness.

c. Past Performance of offerors is approximately equal to price. Price and Past Performance risk may be trade off, one against the other, as addressed in paragraph 2(a) below. The application of the PPT technique in contract award and selection and approval process is as follows:

(1) Best value shall be determined by comparing differences in the value of past performance with differences in price. In making this comparison, the Government is just as concerned with obtaining superior past performance as it is with selecting an offer at the lowest overall price to the Government. The Government reserves the right to award a contract to other than the lowest evaluated priced offeror and award to a higher priced offeror with a better performance risk rating. In these cases, price and performance risk are both treated as equal areas and may be traded off, one against the other. The contracting officer shall make an assessment of the price proposed and the performance risk rating assigned to determine the best value for the Government.

**M-2. Past Performance Risk Assessment.**

a. The purpose of the assessment is to make an evaluation of the Government's confidence in the offeror's ability to perform the contract, that is, to assess the level of risk the Government will incur if an offeror is awarded the contract. The risk assessment represents the Government Evaluation Team's judgment of the probability of an offeror successfully accomplishing the proposed effort its confidence in an offeror's relative capability and trustworthiness to perform the required effort based on the offeror's demonstrated past performance.

b. In assessing performance risk, the evaluators may employ several approaches including reviewing previous contracts listed in the proposal, seeking additional present and past performance information through the use of simplified questionnaires, and using data independently obtained from other Government and commercial sources. The Government may consider statements of opinion regarding specific aspects of quality and/or overall quality of an offeror's performance in forming an assessment risk. The Government will assess the quality and extent of each offeror's past performance experience as a prime contractor or subcontractor with relevant experience. Relevant experience includes, but is not limited to,

**SECTION M – EVALUATION FACTORS FOR AWARD**

Helicopter Maintenance services similar in scope, complexity, and magnitude for this requirement. Relevant experience is performing Helicopter Maintenance services within the past three years for a similar number of locations, at similar level of degree of service, for a similar volume of aircraft, including response to emergency events, timely completion of identified tasks, quality of education, training, and experience of personnel used and the number of personnel managed. The assessment will be a subjective, but unbiased, judgment about the quality of an offeror's past performance.

c. The Government reserves the right to limit the number of references it decides to review and/or contact references other than those provided by the offeror. The Government reserves the right to limit and/or increase the number of questions it asks offeror's references. The Government reserves the right to obtain additional information/documentation not submitted by offerors.

d. The rating provided by offeror's references may not necessarily be the same rating given by the Government. Using the evaluation criteria, ratings will assess past performance and definitions/standards identified in the solicitation, and therefore, may be different from ratings given by offeror's references.

e. The technical acceptability rating will assess, on a Pass/Fail basis, whether the offeror's technical proposal meets, or does not meet, the criteria shown in the checklist included in the solicitation.

f. Past performance will address questions pertaining to, but not limited to, the following attributes on which an assessment will be made:

- (1) Business Relations. Business relations can be measured by the offeror's active participation during the solicitation phase of the procurement and the integration and coordination of activity needed to execute the contract. During the solicitation phase, this includes, but is not limited to, the timeliness, completeness, and accuracy of proposal submissions. During the contract administration phase, this includes, but is not limited to, the timeliness, completeness, and quality of problem identification; corrective action plans; proposal submittals; and the contractor's history of reasonable and cooperative behavior, customer satisfaction, and timely award.
- (2) Quality Control and Service. The quality of product and of service can be measured by how well the offeror conformed to or met contract requirements, specifications, and standards of good workmanship (e.g. commonly accepted technical, professional, environmental, or safety and health standards).
- (3) Management of Key Personnel. Management of key personnel can be measured by the offeror's performance in selecting, retaining, supporting, and replacing, when necessary, key personnel with personnel who have a breadth of experience and knowledge in contract management and who have demonstrated ability to carry out contract management for and in behalf of the offeror.
- (4) Timely Performance. Timely Performance can be measured in terms of the timeliness in which the contractor completes, or has completed, contract task orders, milestones, delivery schedules, administrative requirements, and contract requirements (e.g. efforts that contribute to or effect the schedule variance).

**SECTION M – EVALUATION FACTORS FOR AWARD**

- g. All offerors will receive a performance risk assessment rating of either Exceptional/High Confidence, Very Good/Significant Confidence, Satisfactory/Confidence, Neutral/Unknown Confidence, Marginal/Little Confidence, or Unsatisfactory/No Confidence. The following descriptive ratings and definitions/standards will be used to assess past performance:

(1) Exceptional/High Confidence: Based on the offeror's performance record, essentially no doubt exists that offeror will successfully perform the required effort.

(2) Very Good/Significant Confidence: Based on the offeror's performance record, little doubt exists that the offeror will successfully perform the required effort.

(3) Satisfactory/Confidence: Based on the offeror's performance record, some doubt exists that the offeror will successfully perform the required effort.

(4) Neutral/Unknown Confidence: No performance record identifiable.

(5) Marginal/Little Confidence: Based on the offeror's performance record, substantial doubt exists that the offeror will successfully perform the required effort. Changes to the offeror's existing processes may be necessary in order to achieve contract requirements.

(6) Unsatisfactory/No Confidence: Based on the offeror's performance record, extreme doubt exists that the offeror will successfully perform the required effort.

**M-3. Price.**

- a. Evaluation of the price offered will consist of assessing the compatibility of the overall price within the scope and effort to be performed. An evaluation of price realism will be conducted to determine if the offeror can successfully perform the Statement of Work requirements for the proposed price and determine if the proposed price is complete and consistent with elements of the proposal.
- b. The offeror's proposal will be reviewed for compliance with the requirements specified in the solicitation and Statement of Work.
- c. No advantage will accrue to an offeror who proposes to perform the work for an unrealistically low price.

**M-4.** Be advised that the competitive range, if required, may be reduced for purposes of efficiency pursuant to FAR 15.306(c)(2).

**M-5.** A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**M-6.** A preperformance conference shall be scheduled by and held at the office issuing this RFP prior to commencement of any work under the contract which will be awarded as a result of this solicitation and offer. The Contractor or his duly authorized representative shall be required to attend the preperformance conference.

**SECTION M – EVALUATION FACTORS FOR AWARD****M-7. Evaluation of Price for Purposes of Contract Award**

Part I, The Schedule, Section B, includes both fixed priced cost CLINs and cost reimbursable CLINs. Additionally, Section B includes CLINs which will be awarded at the time of contract award, subject to availability of funds, and Separately Price Line Items which will be awarded over the duration of the contract, at the Government's sole discretion, subject to availability of funds. If the Separately Priced Line Items are awarded, the awarded price(s) will be added at the prices proposed and shown in Section B. The Contracting Officer may exercise the optional award of these Separately Priced Line Items by written notice to the Contractor within the duration of the contract. Delivery of the added services shall continue at the same rate as the like services called for under the contract, unless the parties otherwise agree.

To determine all pricing for overall award, all CLIN prices will totaled together, except for the Phase-In cost, to determine the overall price. The Phase-In cost will be evaluated, independently, to determine price fair and reasonableness.

**M-8 EXPLANATORY NOTE: PRE-AWARD SURVEY OF PROSPECTIVE CONTRACTOR**

a. If your response to this solicitation is favorably considered, a survey team may contract your facility to determine your ability to perform. Current financial statements and other pertinent data should be available for Government review at that time if not already on file with the office having cognizance over your facility. Examples of the areas that may be investigated and evaluated are listed below:

- (1) Technical Capability
- (2) Financial Capability
- (3) Accounting Systems
- (4) Quality Assurance
- (5) Purchases and Subcontracting
- (6) Performance Record
- (7) Labor Resources
- (8) Other as Appropriate

b. Offerors are advised that accomplishment of this survey is a part of the evaluation process and is not to be construed as an indication that an offeror will receive or is in the best position to receive the award.

**M-9 EXPLANATORY NOTE: OFFEROR RESPONSIBILITY**

Prior to any award from this solicitation, the offeror may be requested to provide business information for the purpose of determining their responsibility for award. Failure to provide requested information may result in a determination of non-responsibility, therefore, making the offeror ineligible for contract award.

**M-10****52.217-5****EVALUATION OF OPTIONS**  
(IAW FAR 17.208( c))

JUL 1990

**NOTICE FOR OPTIONS:** Price will be evaluated by adding the extended prices for basic year costs plus Separately Priced Line Items within the basic contract award year to similar costs for all option years and option items. The Phase-In cost will not be included in this total.

**SECTION M – EVALUATION FACTORS FOR AWARD****M-11 EXPLANATORY NOTE: EVALUATION CRITERIA**

1. **Award Without Discussions.** As set forth in Section L, Provision 52.215.1, the Government anticipates award without discussions. The Government may make a final determination as to whether the offeror's proposal is acceptable or unacceptable solely on the basis of the initial proposal as submitted. Accordingly, offerors are advised to submit initial proposals that are fully and clearly acceptable without additional information or explanation and contain the offerors best terms from a technical and price stand point. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. Please be advised that the competitive range, if required, may be reduced for purposes of efficiency pursuant to FAR 15.306(c)(2).

a. Under the Mission Capability factor, the five subfactors, Personnel, Program Management, Customer Service and Support, Quality Performance, and Phase-In, are considered equal in importance.

b. Offerors must include unit prices for each CLIN listed in Section B for the basic period, all option periods, and all separately priced option items. Failure to do so may be cause for rejection of the entire offer. Award will be made only on the quantities solicited. Offers on partial quantities will be rejected. To be considered acceptable, an offeror must price each item of the schedule. The Government reserves the sole authority to award or not award separately price option items.

c. Failure to comply with the material requirements of the RFP may result in the rejection of your proposal. In addition, failure to satisfactorily demonstrate the capability to comply with the requirements set forth in the RFP, as a result of pre-award surveys or other reviews conducted by the government, may render your firm ineligible for award.

d. Only one award will be made as a result of this solicitation.

**3. Mission Capability**

a. The Government will assess the offeror's proposal for soundness of approach to ensure it meets the requirements and intent of the PWS as a whole. Does the contractor demonstrate an overall understanding of the entire Helicopter Maintenance Service as rated against the Government predetermined Pass/Fail checklist, included in the Solicitation. **Mission Capability requirements are based on the requirements outlined in the SOW and will be evaluated on the following subfactors, which are equal in importance: Personnel, Program Management, Customer Service and Support, Quality Performance, and Phase-In. Evaluation credit will be determined on a Pass/Fail rating only.**

(1) **Personnel (Subfactor 1):**

NOTE: Data will be added in the Final RFP.

(2) **Program Management (Subfactor 2)**

NOTE: Data will be added in the Final RFP.

(3) **Customer Service and Support (Subfactor 3)**

**SECTION M – EVALUATION FACTORS FOR AWARD**

NOTE: Data will be added in the Final RFP.

(4) **Quality Performance (Subfactor 4)**

NOTE: Data will be added in the Final RFP.

(5) **Phase-In**

NOTE: Data will be added in the Final RFP.

If offerors receive a Pass Rating in ALL areas, they will be included for consideration in the next phase: evaluation of Past Performance and Price consideration.

**4. Past Performance**

Past Performance will be evaluated as shown in Paragraph M-2(f). Risk assessment will be designated for each offer, based on the criteria outlined in M-2 and represents the Government evaluation team's judgment of the probability of an offeror successfully accomplishing the proposed effort based on the offeror's demonstrated present and past performance. Lack of similar experience may not disqualify an offeror but may increase performance risk and necessitate communications with the offeror to determine acceptability in the competitive range.

**5. Price**

An offeror's proposal shall represent the offeror's best efforts to respond to the solicitation. Any inconsistency between promised performance and cost shall be explained in the proposal. For example, if unique, innovative approaches are the basis for an abnormally low cost estimate, the nature of these approaches and their impact on cost must be explained. If an offeror proposes to absorb a portion of costs, the offeror must also explain the impact on price. Any significant inconsistency, left unexplained, will raise a fundamental question of the offeror's understanding of the nature and scope of the work required and of the offeror's ability to perform the contract within the fiscal constraints (submission of an unrealistic proposal), and may be cause for rejection of the proposal. The burden of proof for price credibility rests with the offeror. The cost area will not be scored or rated, but the offeror's cost proposal will be evaluated according to the assessment criteria below. Proposal deficiencies in realism, completeness or reasonableness may affect the ratings given in Mission Capability (Factor 1) and Proposal Risk (Factor 3). (See Paragraphs M-3 and M-7 above.)
